DISCOVER WHY TOP AGENCIES USE BARCO & MEGA-STAGE

Renowned Montreal agency Saint-Jacques Vallée Tactik, a Young & Rubicam affiliate, placed their trust in MEGA-STAGE products to ensure the technical success of their high impact Focus presentation for the Ford Motor Company, and Montrealers could see why as they walked down McGill College Avenue during the Montreal Fashion & Design Festival, from June 6 to June 10, 2007.

Why did SV Tactik choose our displays? Because they deliver what their mission statement promises:

THEY ENERGIZE BUSINESS!

Why did MEGA-STAGE choose BARCO LED screens? Because they are the best the market has to offer right now!

MEGA-STAGE is always on the lookout for the best, most innovative staging products. Trusses, structures, motors, hoists and rigging accessories, decks, platforms and risers, power distribution, crash barricades and security fencing, soft goods and so much more.

We are your
ONE-STOP SOLUTION
TO ALL YOUR STAGING NEEDS!
